## Patient Preparation Instructions

### X-Ray & Dental Imaging

A basic X-ray does not require any special preparation. Metal objects such as watches, keys & jewellery may need to be removed.

### Ultrasound (Abdomen)

Nothing to eat, drink, smoke & no chewing gum for 6 hours before the test. Under 6 years old, no preparation required. Medication & sips of water allowed.

### Ultrasound (Renal, Pelvis, Obstetrics)

Empty your bladder 1 1/2 hours prior to your appointment. Then drink 4 glasses of water in the next 1/2 hour - do not empty your bladder until after your ultrasound.

Children under 6 years old, drink 2 glasses of water 30 minutes before ultrasound & hold.

### CT Scan

Abdomen & pelvis (liver, pancreas, adrenal glands, spleen, bowel, kidneys, bladder): Nothing to eat for 3 hours prior to appointment. Arrive 1 hour prior to appointment to drink oral contrast solution (necessary for coating / highlighting the stomach & bowel).

### Brain/head, soft tissue neck, chest & KUB (kidney, ureters & bladder)

Nothing to eat for 3 hours prior to appointment.

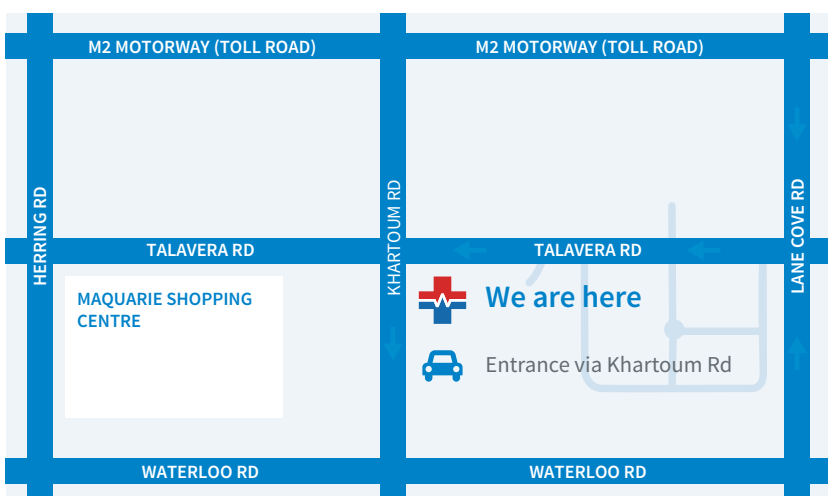

### Angiogram

Nothing to eat for 3 hours prior to appointment.

### Spine & extremities

No preparation.

PLEASE BRING YOUR REQUEST FORM, PREVIOUS SCANS AND X-RAYS
